## ACADEMIC STANDARDS

Students are expected to do superior work and must maintain a 3.0 ("B") grade point average (g.p.a.) to remain in good standing. Any student whose g.p.a. falls below 3.0 after attempting nine or more semester hours of course work will not be in good standing and will be considered on academic probation. A student will be given an additional nine hours in which to raise his or her g.p.a. to 3.0. If the student fails to attain the 3.0 g.p.a. during this probationary period, the student is subject to dismissal from the Program.

Students may not graduate from the Program without attaining a 3.0 g.p.a. Dismissal may be appealed to the College's Academic Dean. West Virginia Wesleyan College reserves the right to require students to withdraw if their scholarship proves unsatisfactory (i.e., below 3.0 average) or if their presence is determined by the College's administration to jeopardize in any way the ideals and standards of the College.

Any student receiving a "D" or "F" in a course shall repeat that course. While the original "D" or "F" will remain on the transcript, when the course is repeated satisfactorily, the "D" or "F" shall not be counted further in calculating the g.p.a. The "D/F" repeat privilege will be limited to two courses.

Any student receiving a "C" in a course may in the student's discretion repeat that course. At such time the course is repeated with the attainment of a grade of "A" or "B", the previous "C" together with any new grade shall be averaged together in calculating the cumulative g.p.a.

If a student making a passing grade cannot complete work in a course because of illness or other emergency, an "I" (Incomplete) shall be entered temporarily on the record. A course recorded as incomplete must be completed within the next ensuing semester except when an extension of time is granted by the instructor and Program Director. Otherwise, the "I" shall automatically convert to an "F", or such other grade as the instructor assigns based on work actually completed.
